Electron Coil Technology

TRUSTED NAME IN TRANSFORMERS SINCE 1995

EE Serious Transformer

Power Transformer

Versatile Transformer

Solenoid Coils

The confidence of ECT stems from the collective commitment of every employee of the organization. Improving the quality of the products at every stage, is the single most motivating factor ECT. WE are focused on improving the efficiency of the existing product as well as customizing them. We are committed to environment product and our processes are pollution free. it is part of our overall desire to contribute to a brighter tomorrow.

ECT

ELECTRON COIL TECHNOLOGY

An ISO 9001:2008 Certified Company

ECT

ELECTRON COIL TECHNOLOGY

An ISO 9001:2008 Certified Company

The Company : Electron Coil Technology started in the year 1995 with a vision to establish a name for itself in the area of manufacturing Transformers. **Products :** ECT Manufactures Transformers, S.M.P.S Transformer, Solenoid Coils and other related products. The Main trust of the company is in the manufacturing of Ferrite Core Transformers and Linear Transformers from 0.1VA to 50KVA. This Transformers are use in a wide range of industries, the Ferrite core Transformers are use in Telecommunication Industry, Railway signals, Switch mode power supply, Led lighting, medical equipments and many more Industries.

Quality : ECT Transformers are confirm to customer specifications at every stage, put through a rigorous quality check to maintain quality standards and to meet the clients demands. To ensure the quality standards ECT does manual and computerized testing at every stage of production.

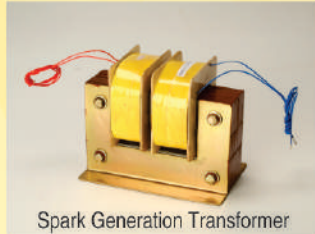

Infrastructure : Above all the company has its infrastructure to manufacture around 900 different types of transformers, Solenoid coils and related products. The facility has a production capacity of over 1lakh transformers in a month.

In-future : Infrastructure The customer demands have necessitated an expansion plan with the most modern and sophisticated manufacturing and testing facilities, ECT is planning well ahead in modernizing its infrastructure.

Clients : ECT products enjoy the trust of many prestigious clients all over India and plans to venture into the export market in the near future.
